

SPINNER SPREADERS

These economical 3-point hitch, PTO driven **Spinner Spreaders** provide a fast easy way of spreading seed and fertilizer. The choice of three different capacities allows you to match the spreader to your tractor size.

FEATURES:

- Seamless conical steel hopper
- Special pressed steel oil-tight gearbox with grease zerk
- Adjustable uniform rates from 18 to 900 lbs/acre
- Effective spreading widths from 19 to 46 feet
- Choice of 3 spread patterns: full rear pattern, left side, right side
- Finish is phosphated, primed, electrostatic painted and baked to minimize corrosion
